Subject: Fw: For Municipal consideration

To Mayor Alar Sover, Council, Municipal Clerk Corrina Giles, Shawn Everitt CAO, pertinent municipal staff, Attainable Housing Corporation, Economic Develop Committee

After you have read this attached article, will Council consider that some of our current housing concerns are within these articles and that Council should ask staff to examine the financial and legal logistics of promoting and encouraging multi- generational housing with the Town Of The Blue Mountains in a timely fashion in order to assist in correcting our current housing crisis? I realize that planning and zoning bylaws exist at Grey County and Town levels to permit auxiliary suites on some properties, but little is generally known about this. Perhaps more encouragement and promotion of what currently exists, include grants and funding, would promote a new culture.
