Subject: Blue Mountains affordable housing proposal

We, along with Mrs Milne, feel strongly that the HIGH RISE location is wholly unsuitable for TBM. The official plan is, indeed, a PLAN and should be followed. From a business point of view the site is unlikely to pay it's way if the story limits of the Official Plan are ignored. Aesthetically it would take away exactly what the Official Plan is in place for. There are a number of more suitable locations here and with the new transportation plan are viable.

We are asking you, as a Council, to re examine this proposed eye sore.

Paul & Ira Tessier, Thornbury.
